TwoMorrows products are distributed by major wholesalers, library and bookstore distributors, and DIAMOND COMIC/BOOK DISTRIBUTORS, and we've included ISBNs and Diamond's Order Codes for all current and past items. HOW-TO BOOKS & DVDs

WORKING METHODS COMIC CREATORS DETAIL THEIR STORYTELLING & CREATIVE PROCESSES

Art professor JOHN LOWE puts the minds of comic artists under the microscope, highlighting the intricacies of the creative process step-by-step. For this book, three short scripts are each interpreted in different ways by professional comic artists to illustrate the varied ways in which they "see" and "solve" the problem of making a script succeed in comic form. It documents the creative and technical choices MARK SCHULTZ, TIM LEVINS, JIM MAHFOOD, SCOTT HAMPTON, KELSEY SHANNON, CHRIS BRUNNER, SEAN MURPHY, and PAT QUINN make as they tell a story, allowing comic fans, artists, instructors, and students into a world rarely explored. Hundreds of illustrated examples document the artists' processes, and interviews clarify their individual approaches regarding storytelling and layout choices. The exercise may be simple, but the results are profoundly complex!

COMPANION BOOKS

QUALITY COMPANION

THE QUALITY COMPANION provides the first dedicated look at the prolific Golden Age publisher which spawned a treasure trove of beautiful art and classic characters, including the modern-day "Freedom Fighters"—UNCLE SAM, PHANTOM LADY, BLACK CONDOR, THE RAY, HUMAN BOMB, and DOLL MAN—as well as PLASTIC MAN, the BLACKHAWKS, and others now under the DC Comics umbrella. It provides the first-ever A-Z in-depth character profile of every Quality costumed hero, many of whom were superbly-produced but are now long-forgotten. It also reprints, in full-color, several 1940s key stories of these characters from such rare 1940s collector's items as SMASH COMICS, POLICE COMICS, NATIONAL COMICS, FEATURE COMICS, and CRACK COMICS, and features Golden Age art by the top artistic talents of that era, including LOU FINE, REED CRANDALL, JACK COLE, CHUCK CUIDERA, MATT BAKER, WILL EISNER, and others!

There's a contextual chronology, a unique oral history featuring commentary by many of the major Quality creators and their progeny, and studies that shed new light on WILL EISNER's relationship with Quality! Plus: It covers the characters' revival from the 1970s to today, including Plastic Man's short-lived 1960s series, the classic Justice League/Justice Society crossover that introduced the Quality characters into the DC Comics universe, the Freedom Fighters' own 1970s series, plus the Ray and Black Condor series of the 1990s, up through the current versions of the characters at DC. Creators who were instrumental in the revival of the Quality characters from the 1970s to today are interviewed, including ROY THOMAS, LEN WEIN, JIMMY PALMIOTTI and others! There's also an introduction by ROY THOMAS, and a new cover drawn especially for this book by the late DICK GIORDANO! Written by MIKE KOOIMAN with JIM AMASH.

Two distinct sections of this book examine the Dark Knight's progression from his campy "New Look" of the mid-1960s to his "creature of the night" reinvention of the 1970s. Features include issue-by-issue indexes, interviews with CARMINE INFANTINO, JOE GIELLA, DENNIS O'NEIL, and NEAL ADAMS, and guest essays by MIKE W. BARR and WILL MURRAY. MARVEL COMICS IN THE 1960s Issue-by-Issue Field Guide

The comic book industry experienced an unexpected flowering in the early 1960s, compliments of Marvel Comics, and this book presents a step-by-step look at how a company that had the reputation of being one of the least creative in a generally moribund industry, emerged as one of the most dynamic, slightly irreverent and downright original contributions to an era when pop-culture emerged as the dominant force in the artistic life of America. In scores of handy, easy to reference entries, MARVEL COMICS IN THE 1960s takes the reader from the legendary company's first fumbling beginnings as helmed by savvy editor/writer STAN LEE (aided by such artists as JACK KIRBY and STEVE DITKO), to the full maturity of its wild, colorful, offbeat grandiosity. With the history of Marvel Comics in the 1960s divided into four distinct phases, author PIERRE COMTOIS explains just how Lee, Kirby, Ditko, and others created a line of comic books that, while grounded in the traditional elements of panel-to-panel storytelling, broke through the juvenile mindset of a low brow industry and provided a tapestry of full blown pop culture icons.

BIOGRAPHIES

MATT BAKER: THE ART OF GLAMOUR

In the early 1940s, **MATT BAKER** became one of the earliest African-American comic book artists. But it wasn't the color of his skin which made him such a significant figure in the history of the medium—it was his innate ability to draw gorgeous, exciting women and handsome, dynamic men in a fluid, graceful style. Imagine **DAVE STEVENS** or **ADAM HUGHES** working in the '40s, drawing a new story every month, and you'll have a good idea of Matt Baker's place in the industry throughout his career. Yet few of today's comic book fans know of the artist or his work, because he died in 1959 at the young age of 38, just as the Silver Age of Comics was blossoming and bringing in a new generation of readers. Now, editors **JIM AMASH** and **ERIC NOLEN-WEATHINGTON** present the true story of that impressive career cut tragically short. It features a wealth of essays; interviews with Baker's friends, family, and co-workers; and a treasure trove of his finest artwork, including several complete stories, at last giving the wonderfully talented artist his full due!

VINCE COLLETTA
Comic's Most Controversial Ink

THE THIN BLACK LINE: VINCE COLLETTA

In the history of comic book art, **VINCE COLLETTA** is perhaps the most prolific inker ever, and certainly the most controversial. He jumped in at the last minute to rescue hundreds of comic books about to miss their printing deadline, often racing through the work of artists who fans say he should have worshiped. In the 1960s he gave **JACK KIRBY'S "THOR"** an atmospheric look many fans love even 40 years later, but got kicked off Kirby's **FOURTH WORLD** comics in the 1970s for omitting details. Whether you loved his work or hated it, this book will enlighten, entertain, and expose a life and career as colorful as the four-color comic books Colletta labored on for decades. Join **STAN LEE**, **ROY THOMAS**, **JOE SINNOTT**, **MIKE ROYER**, **CARMINE INFANTINO**, **MARK EVANIER**, and dozens of other comics pros as they recall the **VINCE COLLETTA** they knew and worked with, and pull no punches in their praise and criticism of the most notorious inker in the history of the medium. Did he save the Silver Age of comics—or ruin it?

NEW!

Stan Lee & Jack Kirby: THE WONDER YEARS

Celebrate the 50th ANNIVERSARY OF FANTASTIC FOUR #1 with this special squarebound edition (#58) of THE JACK KIRBY COLLECTOR, about two pop-culture visionaries who created the Fantastic Four, and a decade in comics that was more tumultuous and awe-inspiring than any before or since. Calling on his years of research, plus new interviews conducted just for this book (with STAN LEE, FLO STEINBERG, MARK EVANIER, JOE SINNOTT, and others), regular Jack Kirby Collector contributor MARK ALEXANDER traces both Lee and Kirby's history at Marvel Comics, and the remarkable series of events and career choices that led them to converge in 1961 to conceive the Fantastic Four. It also documents the evolution of the FF throughout the 1960s, with previously unknown details about Lee and Kirby's working relationship, and their eventual parting of ways in 1970. With a wealth of historical information and amazing Kirby artwork, STAN LEE & JACK KIRBY: THE WONDER YEARS beautifully examines the first decade of the FF, and the events that put into motion the 1960s era that came to be known as the Marvel Age of Comics!

CAPTAIN VICTORY: GRAPHITE EDITION

For the first time, JACK KIRBY's original CAPTAIN VICTORY GRAPHIC NOVEL is presented as it was created in 1975 (before being broken up and modified for the 1980s Pacific Comics series), reproduced from copies of Kirby's uninked pencil art! This first "new" Kirby comic in years features page after page of prime pencils, and includes Jack's unused CAPTAIN VICTORY SCREENPLAY, unseen art, an historical overview to put it in perspective, and more!

Includes a fan's private tour of the Kirbys' remarkable home, profusely illustrated with photos, and more than 200 pieces of Kirby art not published outside of those volumes. SILVER STAR: GRAPHITE EDITION

First conceptualized in the 1970s as a movie screenplay, SILVER STAR was too far ahead of its time for Hollywood, so artist JACK KIRBY adapted it as a six-issue mini-series for Pacific Comics in the 1980s, making it his final, great comics series. Now the entire six-issue run is collected here, reproduced from his powerful, uninked PENCIL ART, showing Kirby's work in its undiluted, raw form! Also included is Kirby's ILLUSTRATED SILVER STAR MOVIE SCREENPLAY, never-seen SKETCHES, PIN-UPS, and an historical overview to put it all in perspective!

In June: Modern Masters spotlights ERIC POWELL!

ERIC POWELL is a sick, sick man. Sick... but brilliant. How else would he have been able to come up with a concept like THE GOON—a smarter-than-he-looks brute raised by carnies, who runs the city's underworld while protecting it from being overrun by zombies? How could anyone not love that idea? Now's your chance to take a look inside the sick mind of this Modern Master, courtesy of co-authors JORGE KHOURY and ERIC NOLEN-WEATHINGTON.

Through a career-spanning interview and heaps of fantastic artwork, including rare and unseen treasures from Powell's personal files, this book documents his amazing career and details his creative process—it even includes a gallery of commissioned pieces in full-color. Experience the work and wonder of this master of modern comic art in MODERN MASTERS VOLUME 28: ERIC POWELL!

(120-page trade paperback with COLOR) \$15.95 • (Digital Edition) \$4.95
ISBN: 9781605490410 • Ships June 2012

And in July: it's MARIE SEVERIN, The Mirthful Mistress of Comics!

MARIE SEVERIN colored the legendary EC Comics line, and spent thirty years working for Marvel Comics, doing everything from production and coloring to penciling, inking, and art direction. She is renowned for her sense of humor, which earned her the nickname "Mirthful Marie" from Stan Lee. This loving tribute contains insights from her close friends and her brother JOHN SEVERIN, as well as STAN LEE, AL FELDSTEIN, ROY THOMAS, JOHN ROMITA, JACK DAVIS, JACK KAMEN, TONY ISABELLA, GENE COLAN, JIM MOONEY, JOE SINNOTT, MARK EVANIER, and others, plus extensive commentary by MARIE herself. Complementing the text are photographs, plus rare and unpublished artwork, including a color gallery, showing her mastery with a painter's palette!

(176-page trade paperback with COLOR) \$24.95 • (Digital Edition) \$7.95 • ISBN: 9781605490427 • Ships July 2012

Big Book Update

You can always check our website for updated release dates of items you see listed in our full Catalog, but here's some more specifics on some of our most highly anticipated new items:

LOU SCHEIMER: CREATING THE FILMATION GENERATION

We're close to finished with this one, and hope to have it out by the end of 2011. Stay tuned!

MODERN MASTERS: DARWYN COOKE

Perhaps the most asked-about book we ever announced but haven't yet produced, this was originally scheduled to ship a couple of years ago. We're happy to announce that, as of this writing, we've just completed the last of the interviews with

DARWYN for the book, and are close to announcing the new release date for it. Watch our home page for ordering info!

THE QUALITY COMPANION

Co-authors MIKE KOOMAN and JIM AMASH are working feverishly to make the planned October release date for this look at the history of the classic Golden Age comics publisher!

MATT BAKER: THE ART OF GLAMOUR

This lavish book is progressing nicely as ERIC NOLEN-WEATHINGTON's schedule has cleared up, and you should see it out for the holidays!

Please stay tuned to our website (www.twomorrows.com) for current release dates on all our upcoming items, and thanks for your patience.

THE LATEST & GREATEST!

By now you've seen ALTER EGO: CENTENNIAL, the 100th issue of ROY THOMAS' acclaimed magazine, which we produced as a double-size BOOK instead of the usual magazine format (complete with extra color pages). You've also encountered BACK ISSUE #50, which for the first time presented all 80 pages in FULL-COLOR (with a corresponding \$1 cover price increase, but no extra cost for subscribers). We'll be adding more color pages to our mags (with some issues completely full-color) over the next year, as the subject matter (and reader preference) demands.

Speaking of Roy Thomas, he and Bill Schelly are working on a follow-up to their book ALTER EGO: BEST OF THE LEGENDARY COMICS FANZINE. It'll feature the "Best of the Rest" of the original 1960s and '70s run of A/E, and should be out in 2012 from TwoMorrows.

KEITH VERONESE lets you get PLUGGED IN, in our new book on comics greats who work in the video game industry. It features GERRY CONWAY, ROY THOMAS (him again!), and ELLIOT S! MAGGIN candidly talking about the early days of Atari along with comics pros JIMMY PALMIOTTI, CHRIS BACHALO, MIKE DEODATO, JOSHUA ORTEGA, and RICK REMENDER discussing

their work on the current generation video game hits! There are interviews with other artists and writers who made the leap to working in video games full time, including an in-depth interview with TRENT KANIUGA (CreeD) about working as one of the architects of the long awaited Diablo III! Look for PLUGGED IN in early 2012.

EISNER DOC ON DVD & BLU-RAY NOW!

Our old buddy JON B. COOKE and his brother ANDY of Montilla Productions have produced the award-winning documentary WILL EISNER: PORTRAIT OF A SEQUENTIAL ARTIST. It's the definitive look at the life and art of the godfather of the American comic book, which premiered at the prestigious Tribeca Film Festival. It includes interviews with KURT VONNEGUT, MICHAEL CHABON, JULES FEIFFER, ART SPIEGELMAN, FRANK MILLER, STAN LEE, GIL KANE as well as the never-before-heard "Shop Talk" audio tapes featuring JACK KIRBY, HARVEY KURTZMAN, MILTON CANIFF, NEAL ADAMS, JOE KUBERT and others! It's 96 minutes with plenty of bonus features, and TwoMorrows is proud to be able to offer it to our customers! The DVD is only \$20, while the Blu-ray is \$26, and both are available now at our website.

New (& Old) Digital Editions Coming!

We've made available economically-priced Digital Editions of most of the back issues of our mags, but haven't gotten to the first 49 issues of ALTER EGO yet. Going back and recreating each issue in digital form is taking more time than we anticipated when we produced our 2011 Catalog, but we should have those final ones posted later this year, so stay tuned! Also coming soon are new and improved Digital Editions of sold-out books in our Catalog, like TRUE BRIT, MR. MONSTER VOLUME ZERO, and others. We're working on adding additional pages and MORE COLOR than in the original print versions, and those should be up soon as well. And now available are Digital Editions of two sold-out MODERN MASTERS volumes, on ARTHUR ADAMS and WALTER SIMONSON! Stay tuned for even more in the coming months.

Back for a limited time:

A distributor just discovered a couple of boxes of two of our sold-out books: THE ART OF GEORGE TUSKA by DEWEY CASSELL and the acclaimed JUSTICE LEAGUE COMPANION by MICHAEL EURY. If you missed either, now's your LAST CHANCE to order the print editions, available at www.twomorrows.com.
